

Report generation:

By gathering all the data
we created a report
regarding all the
passengers from different
trains who faced different
incidents in a
visualization manner that
is the report

The screenshot shows the 'now' analytics platform interface for creating a report. The top navigation bar includes 'now', 'All', 'Favorites', 'History', and 'Workspaces'. A 'Create a report' button is visible. The main area is titled 'Create a report' and shows the 'South central railways' report. The left sidebar contains configuration options: 'Report name' (South central railways), 'Source type' (Table), and 'Table' (Incident [Incident]). The main content area displays the report title 'South central railways' and a table 'Table: Incident [Incident]'. Below the table, there is a section for 'Create your report with Analytics Q&A' with a text input field 'What do you want to see?' and an 'Ask' button. A 'Next' button is located at the bottom left.
